WHEREAS a majority in number and value of the owners, as shown by the last revised assessment roll, of the property hereinafter set forth to be benefited by the dyking and drainage have petitioned the Council of the said District of Surrey, praying that the said Council take such steps as may be necessary under the provisions of the "Municipal Act" to construct a dyke, where necessary to protect those portions of District Lots 52, 231, and 491, Group 2, and of the Fractional North-east Quarter of Section 19, Township 1, New Westminster District, which lies to the west and north of the right-of-way of the Great Northern Railway Company, shown on Plan 10769, from flooding, and to construct drainage-ditches, where necessary for the proper drainage of the said lands; and further that the cost thereof be assessed and levied upon the lands to be benefited by such work:

Re: Crescent Groynes, Sea Wall and Dyke

We have gone over the proposed scheme of protection against storm erosion for the water front lots of Crescent, B.C., and of protection against flooding for the lower lots, also in Crescent.

The scheme is to erect 24 groynes along the water front, and where erosion is bad to reinforce them with a sea wall, backed on the land side with clay and gravel fill. It also includes the reconstruction of existing dyke as shown on plan to a width of 12 feet on top, the installation of new 30 inch creosoted flood box with Calco gate, the demolition of existing concrete flood box and the cleaning of drainage ditches from flood box to McBride and Sullivan Streets.

The life of the groynes, sea wall and flood box with proper maintenance should be 15 years. The life of the dyke, also with proper maintenance, should be 25 years.

We think that the scheme is feasible and that it is necessary for the protection of the lands in Crescent.

We beg to remain,
Yours truly,

BURNETT, MCGUGAN & HUNTER,

PER: D. J. MCGUGAN, P.ENG.
